There's more FREE e-learning related learning opportunities online this term. Feel free to dive in and get involved.

## DEDICATED ONLINE FORUMS

**FORUM: Digital assessment practices in secondary schools**, 21 October - 21 November

How is digital technology changing the way senior students share, archive and assess their learning? In this discussion, we invite you to share your stories as we explore some possibilities that technology can afford to give secondary students agency and ownership of their learning while still meeting assessment requirements

**FORUM: Unpacking digital fluency - what it is, how we can work towards digital fluency**, 3 November - 3 December

In this forum we explore the notion of digital fluency as a disposition. We unpack digital fluency, look at what it is, and how we can work towards supporting our students to be digitally fluent.

**FORUM: Designing inclusive Innovative Learning Environments**, 14 November - 14 December

As we consider the environment in which our ākonga learn, we need to ensure that it includes all learners. In this forum we will discuss designing an inclusive innovative learning environment that works for all learners, using digital technologies to remove barriers to learning, and how Universal Design for Learning principles can help create an inclusive ILE.
